3/1/70 WTTG - Rebuttal commercial 10:15 p.m., 15 min before Shuttle/Butler Show & same commercial. Corporate deal TV - will we make it or will it make us? (after Agnew - support of Agnew?) How? Two minutes wasting more columns - Sports Reporters program (sports casters); Truth a dangerous "In Person" guest - Jim Bacchus. If this story were not told as character assassination, it would have great entertainment. It maintains a high level of investigative objectivity & freedom - contempt for audience not obligation - for example, Show - Would participation on TV make you? Will not a person thought a person? It takes a rare talent to be this consistently bad. Butler has it.
